## You Want the Right Kind of Clothes This Spring

And we want you to have them. The new things are now arriving; we're ready to give you an early look at the best clothes ever shown. We've made preparations for your needs as carefully as if you were the only customer we had.

We're not the only one; you may even go somewhere else for your clothes; but this is the only store where you can get our kind of clothes.

## Hart Schaffner & Marx

make our finest goods; they're the cheapest clothes you can buy; not because they're the lowest in price, but because you get more for every dollar you pay than in any other clothes made.

Before you decide on your Spring suit see these.

Suits . . . . . \$20 and up

In preparing our spring stock we have not forgotten the little chaps. Our Widow Jones Knickerbocker Suits for boys surpass anything we have ever shown before for style, workmanship and perfect fit. Mothers, bring your boys here for their clothes. We can dress them up in full, with prices that please you and clothes that please the boy.

Boys' Waists, Shirts, Collars, Ties, Shoes, Hats, Knickerbocker peg-top Pants, Children's Rompers, and Caps of all kinds.

Our Boys' and Children's Department this year surpasses any of the previous years.

### Gore Called Down.

Washington, March 22.—The resolution given out by Senator Gore in Des Moines Wednesday claiming to voice the demand of some of the democrats in Nebraska that Speaker Clark withdraw in favor of Woodrow Wilson in that state so that Judson Harmon might be prevented from capturing the Nebraska delegation to the national convention, provoked criticism and attack from the national managers of both the Clark and Harmon headquarters here Thursday.

"According to the resolution," said Former Representative Robert B. Gordon, manager of the Harmon headquarters, in a statement Thursday, "the Wilson men in Nebraska de-

announce a conspiracy in which Clark is alleged to be a party and then seek to form a conspiracy against Harmon with Clark as a welcome participant."

Managers of the Clark headquarters here declared the resolution given out by Senator Gore did not represent the desires of the progressive or "Bryan democrats" of Nebraska.

## SUCCESS

"He has achieved success who has lived well, laughed often and loved much; who has always looked for the best in others and has given the best he has; whose life was an inspiration; whose memory is a benediction."

That sounds mighty good and we believe in that kind of sentiment.

We have achieved a fair share of success in having built up a large business in Rexall Remedies. We feel gratified over this, because we know that when we sell a bottle of '93' Hair Tonic we have done somebody a great favor; that when we sell a box of Rexall Ointment, some one has been relieved of Constipation; that when we sell a bottle of Rexall Sarsaparilla, some one will have a clearer head, a healthier liver and a lighter heart. This is a great line of Remedies; there is a remedy for nearly every human ailment, and what is better each one of these is guaranteed. We refund the money if you are not absolutely satisfied. Now last night some of you may have been disturbed and greatly worried because Baby had a continuous cough, this is unnecessary, get a bottle of Rexall Cherry Juice and keep it in the house.

Rexall is the word. Rexall is the name. Rexall is King. Buy it, try it, we'll make it good.

## ALL ABOUT THE NEW RAILROAD

ATTORNEY CORNISH OF McALESTER SAYS HIS PEOPLE ARE ALIVE ON PROJECT.

The Oklahoma Portland Cement Co. recently wrote to parties at McAlester asking about the railroad prospect, and a letter from Melven Cornish in reply states that the people seem determined to take action and have their eyes on Ada. The letter also intimates that matters may soon have progressed far enough to make it advisable to confer with Ada regarding the building of the road. Nothing of a very definite nature has yet been done but the proposition seems to be a live one still.

## LON URY TELLS HOW ADA GOT ITS NAME

One must sometimes go away from home to hear news about his own or community. Ada people have always been told that the town was named after Miss Ada Reed, daughter of W. Reed, and that the town was named before the railroad was put into operation, but the baseball column of the Guthrie Leader has the following bit of romantic fiction concerning the origin of the name:

"Lon Ury, the Muskogee manager and former big league player, is authority for the statement that Ca-cher Arthur Jeffries, who has been behind the bat for almost every town in Oklahoma that ever had league ball, named a lot of the towns in Oklahoma, and tells the following story: 'It was during the '90s some time that Jeffries started on a tour of Oklahoma with a bloomer girl aggregation. He picked 'em up in Kansas City and none of them knew very much about baseball. Jeffries found this fact out after he struck Oklahoma and he evolved the plan of letting the girls out as fast as he could get other players male or female, to take their places.

"Well, it happened that Maud left the train at a little town in Pottawatomie county and, Jeff named it for her, and it still retains the name of Maud; then Ada left the train farther down the line and Jeff called the town her name, and it is now a prosperous county seat. Thus did Jeff carry out his program and the majority of the towns he thus named are now hustling cities."

### Artesia Line Acquired by Lazarus.

Quanah, Tex., March 22.—It is announced at the offices of the Quanah, Acme and Pacific railroad here that Sam Lazarus, president of that line, and associates have purchased the new railroad being constructed between Artesia and Hope, N. M. It is planned to eventually make the acquired line a link in the Quanah, Acme and Pacific, which is projected to run from this place to El Paso via Artesia. Associated with Mr. Lazarus in this transaction is R. D. Yoakum of St. Louis, third vice president of the Quanah, Acme and Pacific, and other interests identified with the Frisco. The Quanah, Acme and Pacific is now being extended to a point about fifty miles west of Paducah. It is a Frisco property.

### INDIANA DEMOCRATS WILL SUPPORT GOV. MARSHALL

Indianapolis, Ind., March 22.—The state democratic convention today adopted a platform instructing the thirty national delegates to present governor Marshall as the "first and only choice" of Indiana democracy for the presidential nomination.

### Reach's Baseball Guide.

The News is in receipt of a copy of the official baseball guide for 1912 published by A. J. Reach & Co. of Philadelphia. It contains nearly 700 pages of facts ranging from the rules of the game to a history and complete statistics of the various teams for 1911. The price of the book is ten cents.

All kinds of blank books, ledgers, cash books and day books at Holley's Drug Store.

## ARE NOW READY FOR DRILLING

PRESTON WELL TWO MILES WEST OF ADA WILL SOON BE UNDER WAY.

The work of erecting the derrick and installing the necessary machinery at the new oil well has been completed, and as soon as a sixteen-inch drill arrives work will begin.

The first well was begun with a diameter of only ten inches and as the casing had to be put in at frequent intervals the well decreased in size until almost too small to work. By beginning with a drill of larger bore the drillers will have ample room for drawing in the diameter of the bore and still be able to do down as deep as may be thought necessary.

## SLANDER SUIT DISMISSED ON PLAINTIFFS' MOTION

The slander suit of Mmes. George and Culver against R. E. Haynes came to a very abrupt end this afternoon when after four or five witnesses for plaintiffs had been examined, their attorney asked leave to dismiss the suit without prejudice at their cost. The motion was granted and the judgment entered accordingly.

### Negro Turning to White Man.

Muskogee, Ok., Mar. 22.—Henry Coody, an old time negro, ten years ago prayed to his God, that he be changed to a white man. Two years later white spots began to show up over his body and today he is almost white. His face is still black, but his scalp is turning white and there are patches of white on his face about his eyes and ears. Thursday he rolled up his sleeve and showed an arm as white as any one's. His hands, however, are still speckled.

"I don't know what is causing me to turn white," he said, "unless it is that the Lord is answering my prayer. About eight years ago patches of white began to show up and today there are just a few black spots on my body. I am sixty-four years old, and if I live another ten years I will be as white as any man."

Coody says he has never been ill a day in his life. He is now in vigorous health and a much better man physically than most of his race. He has been examined by physicians to see if he had any disease and they all pronounced him sound and well. Every doctor who has seen him is puzzled by this strange turning of a negro to a white man.

Coody formerly lived at Braggs, but moved to Muskogee several years ago and is now living on North Third street, this city.

### MAKING IT HOT FOR

POTT, CO. BOOTLEGGERS

Shawnee, Ok., March 22.—County officers will co-operate with Federal officers in the campaign to stop the shipment of whisky into the old Indian Territory.

The first shipment of whiskey seized resulted in a raid at Earlsboro, when City Marshal Frances seized 600 pints of whisky sent there and was to be taken by drive road across into Seminole county.

A negro was arrested when in the act of signing up for the goods. The activity of county officers is in connection with the crusade started by law and order league being formed in the county to suppress crime of all kinds.

## FRANK SMITH TO QUIT

"Piano Mover," Noted Pitcher, Eyes Restaurant.

Former Chicago White Sox Player Satisfied With Cincinnati Contract Loses Heart to Pittsburgh Cafe.

Frank Smith, the piano mover, former pitcher of the Chicago White Sox, has arrived home from a trip to Europe and says he probably will quit baseball for good to embark in the restaurant business. Smith has been dickered for a cafe in Pittsburgh and if he lands it says it is an avowal to the dear old game for all time, so far as he is concerned.

The Cincinnati club has returned Smith's contract for his signature, having accepted the big pitcher's terms. Smith says he intends to quit while his services are sought instead of waiting until he is kicked out. He believes, however, he could go along for a year or so longer for the Cincinnati team and that he would pitch good ball. The strenuous life of the diamond has lost its charm for the hefty piano mover, to hear him talk, and he longs for the quiet and independence of business life.

"Now, this is none of your holdout yarns, for this very day I received a contract from the Cincinnati club, which accepted my terms. This was the second contract I received from the club. The first one did not suit me and I returned it and told what I wanted. Today I got the document calling for my terms. But I will not return it until I find out where I can land the place of business I am seeking. And I want to tell you that conducting a cafe will be much easier than standing out there in the hot sun trying to foil hitters."

Frank Smith was one of the oldest members of the White Sox squad when he was traded to the Boston Red Sox in 1910 along with Billy Purcell

Frank Smith.

for Harry Lord and Ambrose McConnell. That trade became famous in baseball history for its one-sidedness. Neither Smith nor Purcell was of any value to Boston, while Harry Lord is considered one of the greatest players in baseball, and McConnell would be nothing less than a wonder had he not met with misfortune in crippling him up.

Smith did valiant service for the White Sox in 1906, when he helped win the pennant in the American league. Like Joe McGinnity of the New York Giants at that time, Smith was considered an iron man. He could pitch every other day if necessary. With all his faults Smith had many friends among White Sox fans, who have a big place in their affections for the big fellow who at one time was one of their heroes.

O'Day Lauds Emslie. Veteran Umpire Bob Emslie, according to "Hank" O'Day, manager of the Cincinnati Reds, will be just as good a man behind the mask this year as any major league umpire. O'Day has worked with Emslie a great deal and is much amused over the reports that Emslie's eyes are bad and he may be pensioned by the National league.

"Say for me," said O'Day, "that when a man can shoot blue rocks like Bob he can umpire any game of baseball scheduled. I found him in Toronto recently wearing a diamond badge he had won in a shoot, as high gun. I saw him kill forty out of forty-five birds. This criticism of Emslie is on a par with a lot of stuff that I have had to stand during my long career as an umpire."

Hard Training Trip for Athletics. Connie Mack plans the most strenuous training trip of his career for the world's champions next spring. The Athletics will condition themselves at San Antonio, Tex., which, like Marlin, is a bath city. Mack will follow the policy of McGraw of the Giants. He will take his youngsters south about Feb. 20. The veterans will report on March 1.

Saginaw Leads in Attendance. Saginaw led the South Michigan league in attendance last season, with Lansing second and Kalamazoo third.

## ARRESTED FOR MURDER OF BEN COLLINS

Oklahoma City, Ok., March 22.—Recognized by Justice Robert Williams of the Supreme Court, E. P. Alford, a fugitive charged with conspiracy with A. Washmood, Tom Pruett and Jim Miller to murder Ben Collins an Indian Deputy United States Marshal in Territorial days, is now in the Oklahoma County jail and the sheriff from Johnson county will arrive Friday morning for him.

A check which Justice Williams indorsed for Alford and which was returned unpaid was the cause of his arrest. Alford is said to have been in Oklahoma City for at least a week and Justice Williams said that he was approached by him and asked to indorse a check for \$10. The jurist did not recognize the man, but the face was familiar to him and thinking some friend whom he had almost forgotten, he signed the check. Thursday the check came back unpaid and Judge Williams for the first time looked at the signature and it flashed over him that the man was wanted on a charge of murder.

He immediately got in communication with the sheriff at Tishomingo and the sheriff at Oklahoma City was notified and the man locked up. Alford refused to talk of the case and made no statement when arrested.

The killing of Collins started the entire state when it took place about five years ago, and the case has been one of the most famous and most widely discussed of the Southwest.

### Carl Morris Outpointed.

The sport press dispatches from New York City report that Carl Morris, the Oklahoma hope, was outpointed by Jim Stewart, the Brooklyn heavyweight, in ten rounds Wednesday night.

In fact Stewart is given all the better of the mill, and if everything is as dark for Carl as it is painted, the Sapulpa gentleman will have to whip up to retrieve his defeat at the hands of a green fighter.

It is evident that Morris has not improved a great deal in the past few months, as he still relies on his fighting. He likes to get close to his opponent, and worry him as if engaged in a wrestling match, instead of a boxing contest. Stewart chose more open work, and his sharp and clean, though light, blows to the face won him the decision Wednesday night.

### HOLDENVILLE GETS BIRTH

IN OKLAHOMA LEAGUE

Oklahoma City, Ok., March 21.—Fort Smith was dropped from the Oklahoma state league today by President Leo Meyer, because baseball men of that city failed to post \$500 as forfeit money, as was agreed upon at a meeting of the league officials in McAlester, March 13. It also was agreed upon by the magnates at the McAlester meeting that in case any city failed to post the forfeit, Holdenville should be admitted, and Senator Homer S. Hurst, who was president at the meeting, representing baseball interests in that city, immediately gave a draft for the amount, thereby clinching the franchise.

By dropping Fort Smith an all-Ok-

lahoma league at last is certain, as was much desired by league officials. Following is a list of the cities now said to be certain to be in the circuit:

Oklahoma City, Anadarko, Guthrie, Tulsa, Okmulgee, Muskogee, McAlester and Holdenville.

### Phillips on Matrimony.

The late David Graham Phillips had like many bachelors, a cynical view of matrimony. Mr. Phillips, at a reunion of Princeton's class of '87, at the Princeton club, said of marriage: "The Persians have a proverb that every young man should consider well before proposing. It runs: 'He that ventureth on matrimony is like unto one who thrusteth his hand into a sack containing many thousands of serpents and one eel. Yet, if the prophet so will it, he may draw forth the eel!'"

### WESTERN OKLAHOMA AND TEXAS SUFFER STORM DAMAGE

Wichita Falls, Tex., March 21.—One of the worst wind and hailstorms in the history of this section struck here about midnight last night, doing great damage to fruit and vegetables and destroying a large amount of property.

Two houses, which may have been struck by lightning, were destroyed by fire, the flames being driven be-

yond control by the prevailing wind, which blew with such velocity that a number of houses were moved from their foundations. Hail and sleet began to fall about 12 o'clock and this morning the ground was a solid mass of frozen white.

The temperature began to rise about 10 o'clock today and the air at 10 p. m. was balmy and the weather calm.

A long distance telephone message from Grandfield, Ok., today told that there fifteen or twenty houses were demolished and a man who was injured while six miles from Grandfield, in the storm, died this morning.

A 12-year-old boy is also reported to have sustained six broken ribs.

At Loveland, near Grandfield, several houses were completely destroyed and two oil derricks were demolished near Devol, just across the Oklahoma line.

The fury of the wind was unchecked at Electra and this morning by actual count more than 100 oil derricks were thrown to the ground and broken to pieces, amounting to damage which, it has been estimated, will total more than \$500 each.

Among the companies which suffered most at Electra were the Corsicana Petroleum Company, and the Producers' company, although it is reported that every company in the field sustained more or less damage.

The work of reconstructing the derricks began today and will be pushed to completion as rapidly as lumber can be hauled to the scene.

### He Was Disguised.

Two or three days ago officers saw acting very much at home in John Rinard's feed store, and they kept an eye on him, noticing that he was acting fresh for a stranger. However, no one could identify him. He was smooth faced, had a hooked nose and was a tall suspicious looking character even uglier than the reporter of the Ada News, who, according to Bill Murray is the only man in the state as ugly as himself. Well, for the protection of Mr. Rinard's interests it was deemed advisable to take the s ranger in and make him give an account of himself.

In vain he protested that he was Rinard himself, not one of John's old time friends believed a word of it, and things began to look dark for him. Finally one old timer said that he remembered that when a small boy John had been bitten on the left elbow by a savage cow and that the marks of her upper front teeth were still to be seen. The suspected man's arm was bared, and sure enough the marks were there. Explanations were then in order and it developed that the man really was Mr. Rinard but that he had had his flowing chestnut mustache shaved off and the change was a perfect disguise.

### DON'T BE BALD.

Nearly Any One May Secure a Splendid Growth of Hair.

We have a remedy that has aided to grow hair and prevented baldness in 93 out of 100 cases where used according to directions for a reasonable length of time. That may seem like a strong statement—it is, and we mean it to be, and no one should doubt it until they have put our claims to an actual test.

We are so certain Rexall "93" Hair Tonic will cure dandruff, prevent baldness, stimulate the scalp and hair roots, stop falling hair and grow new hair, that we personally give our positive guarantee to refund every penny paid us for it in every instance where it does not give entire satisfaction to the user.

Rexall "93" Hair Tonic is as pleasant to use as clear spring water. It is delightfully perfumed, and does not grease or gum the hair. Two sizes 50c and \$1.00. With our guarantee back of it, you certainly take no risk. Sold only at our store—The Rexall Store. The Gwin & Mays Drug Co.

## SEVERAL MINERS RESCUED FROM WRECK

McCurain, Okla., March 21.—W. M. Bushnell, general manager of the Ft. Smith and Western railway company, owners of the Sans Bois Coal company of McCurtain, Okla., in whose mine an explosion entombed more than 100 men Wednesday morning, issued a statement at 6 o'clock Thursday night saying that fifty-five bodies had been recovered from the mine, twenty-six men had been rescued alive and thirty-five men were still unaccounted for. Fifteen men were rescued alive this Thursday morning. Relief from all parts of the United States began pouring into McCurtain today. The United Mine Workers of America of district No. 21, voted \$5,000 for relief work.

The men rescued Thursday morning were found about 9:30 o'clock. They were in the south thirteenth entry in a room eight by ten feet huddled about an air pump. When the rescue party entered the mine Thursday morning they heard a constant rapping on an air pipe leading to the room. Although there was no further proof, this indicated to the rescuers that some of the men were alive. Word was quickly sent to the little band that stood huddled about the mouth of the main slope telling the discovery. A half hour later the fifteen entombed men were brought out alive.

The men had saved themselves by taking off the top of the pump and building a curtain in front of the room to exclude the bad air and gas. Then they piled on top of each other, placing their heads as near the top of the pump as possible. Every few minutes one of the crowd became faint for lack of aid and he was immediately placed on top of the pile of humanity until he recovered.

## BUYING GROCERIES FROM MAIL ORDER HOUSES

For the information of our readers who may be tempted to buy groceries from the mail order houses we print the following facts:

In the first place the mail order houses emphasize the fact that most groceries take fourth class rate. But many a person has been sadly surprised when he received his groceries to find that he had to pay nearly twice as much freight as he had figured on.

Now there are four rates of freight, and taking Chicago as the shipping point for most of these concerns, the rate to Durant is as follows: 1st class \$1.60, 2nd class, \$1.37, 3rd class, \$1.14 4th class \$1.01.

This is what it costs per hundred pounds or part thereof, to get groceries from Chicago to Durant. Now even if all groceries did take only fourth class freight you would be paying too much on your groceries for freight.

But listen: Groceries come under all four of these rates, according to what it is. For instance, coffee, teas, and extracts take first class. Spices, chocolate, etc., take second class. Baking powder, preserves and pickles in glass, dried fruit, beans in sacks, crackers, etc., take third class. Only flour, soap, sugar, case canned goods, and some other heavy stuff take fourth class.

And here comes the catch. When a person buys groceries from one of these houses to be shipped in, he usually buys something under each kind of freight classification. Then this is all boxed to gether, and the box marked groceries takes first class freight. Or if he only buys a hundred pounds all together, and in this hundred pounds there is five pounds of stuff that takes first class freight, then all the shipment will be billed as first class stuff, and cost the buyer \$1.00 per hundred pounds to ship it into Durant. In other words, a mixed shipment of groceries of all freight classifications, takes the highest freight rate.

Now these facts being true, it costs a great deal more to buy groceries from a mail order house and pay the freight on the shipment, than it costs to buy them at home. In truth, one can usually buy groceries from home merchants at the same prices that these concerns sell at, and he saved the freight at the same time.—Durant Democrat.

**Neat Window Display.** We note with much interest the way some of our enterprising local dealers are putting forth every effort this spring to make their stores attractive. This week Ramsey Drug Co. whose progressive policy has been strongly shown this spring by their large, attractive advertisements in our columns, have a fine window devoted entirely to house paint. On close inspection one finds not only the usual display of paint cans but long cards showing rows of houses in new and handsome combinations of colors for exterior painting. An attractive window border brightens the appearance of the whole store and draws much attention from the passers-by. It attractively illustrates how easily and well any shabby surface in or about the house can be fixed up. Ramsey Drug Co. deserves much credit for this window and we are sure it will prove of much benefit in reminding people of the many things around their homes that can easily be beautified at house-cleaning time.

## YOUNG MOTHERS

No young woman, in the joy of coming motherhood, should neglect to prepare her system for the physical ordeal she is to undergo. The health of both herself and the coming child depends largely upon the care she bestows upon herself during the waiting months. Mother's Friend prepares the expectant mother's system for the coming event, and its use makes her comfortable during all the term. It works with and for nature, and by gradually expanding all tissues, muscles and tendons, involved, and keeping the breasts in good condition, brings the woman to the crisis in splendid physical condition. The baby, too, is more apt to be perfect and strong where the mother has thus prepared herself for nature's supreme function. No better advice could be given a young expectant mother than that she use Mother's Friend; it is a medicine that has proven its value in thousands of cases. Mother's Friend is sold at drug stores. Write for free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature.
